Amendments to the Claims:

1. (Presently amended) A method of conducting a meeting comprising the steps of

A. ~~Notifying~~ Providing potential meeting attendees of said meeting with a notification of said meeting, said notification including a notice that complies with any applicable requirements, an agenda, and a digital certificate that is sufficient to authorize their attendance at an electronic meeting space reserved for said meeting;

B. Providing said electronic meeting space;

C. ~~Checking~~ Electronically checking the digital certificate of any person seeking admission to said electronic meeting space and only admitting persons having an appropriate digital certificate;

D. Monitoring the attendance in said electronic meeting space and any associated in-person meeting space and when a quorum of attendees is reached, calling said meeting to order;

E. Once a quorum of attendees has been reached and said meeting called to order, continued monitoring of the attendance in said electronic meeting space and any associated in-person meeting space and adjourning said meeting if the number of attendees ceases to be at least a quorum;

~~E. F.~~ Providing an orderly electronic discussion among the persons in attendance at the meeting; and

~~F. G.~~ Delivering, Electronically delivering, collecting, and tabulating encrypted electronic ballots to those persons attending the meeting electronically.
